Fairfield County House
COMPASSIONATE END OF LIFE CARE

We are a small residence where people receive hospice or palliative care from licensed providers and 24/7 nursing and personal care from the House team.

We offer a welcoming environment where residents and their loved ones spend time in meaningful ways.

Fairfield County House

Our mission is to provide a home for people at the end of life that offers the highest quality of care and life experience.

Sometimes staying at home on hospice is not possible but family and friends want to spend time with loved ones at the end of life. That's where we come in.

We are an eight-bed residential home licensed by the State of Connecticut to provide assisted living services. We work with all area hospice agencies to provide home hospice services in a home away from home.

We also offer palliative care services for those not ready for hospice care.

We Provide...

- 24-hour nursing, personal care, and supervision.
- Medication management.
- Private suites with access to indoor gathering and outdoor spaces.
- Meals and snacks at resident convenience.
- Laundry and housekeeping.
- Family support.
- Social and emotional support.
- Joyous and meditative experiences.

The Cost...

As a non-profit serving the community, we are supported by resident fees, grant funding, scholarships, and donations.

Our rate including all services above is \$27.00 an hour or \$650.00 per day which is less expensive than most 24-hour live-in care.

No long-term contracts – pay only for the days you use.

Flexible payment arrangements and financial aid are available.

We accept long-term care insurance.
